DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-16 are rejected under 35 U.S.C. 102(b) as being anticipated by Applicant's cited prior art (JP Pub. No. 2001-066969).

The prior art discloses a process cartridge 15 detachably mountable to a main body C of an electrophotographic image forming apparatus having a guide member 52 comprising a cartridge frame; a photosensitive drum 11 (Fig. 2); process means (i.e. developing means 14, Fig. 2); and projecting portion 28 provided in the cartridge frame so that when the process cartridge is mounted on the main body of the image forming apparatus to guide the process cartridge in a mounting direction and when the process cartridge is mounted to the main body of the image forming apparatus, the projecting portion allows the process cartridge to insert to insert the main body of the image forming apparatus when the image forming apparatus is conformable in function with the process cartridge and the projecting portion abuts against a main body frame when the process cartridge having different functions with the image forming apparatus to prevent mounting of the process cartridge (Para. 0027-0029).

The prior art further discloses a first projecting portion 28 provided on one end side of the cartridge frame and a second projecting portion 28 is provided on the other
